Our refusal to cut corners led to this premium quality auger. It is manufactured with all American-made components and a tried-and-proven design. We are so confident in our product that we offer an industry-leading, 6-year warranty. The high torque of our planetary drive unit is backed by high-quality robotic uniform welds to give you maximum reliability and longevity. This auger is relied on for heavy use applications and by fencing companies, pole barn builders, and rental companies.

**4 YEAR
WARRANTY**

FEATURES INCLUDE:

- 4 year warranty
- Lifetime warranty against shaft pull-out
- 2" hex shaft

MODEL	GPM	MAX BIT
600	6-15	18"
1000	10-20	24"
1500	15-30	30"

The heavy duty series augers are an economical option that is still a quality planetary drive. This unit comes in 3 models to cover most flow ratings in the skid steer and tractor market. The durable housing, the hex shaft, and the 4 year warranty make it a reliable attachment to own.
