

## Augers • Chain Drive

The chain reduction drive units are designed for medium to heavy-duty applications, and are a very popular alternative to the planetary drive augers. Auger drives feature pre-stressed, fully adjustable reduction drives and the strongest connecting links available. Choose auger drive units and bits in 2-9/16" Round or 2" Hex output shafts. Complete units include the universal skid steer mount, top link, hoses, and flat-faced couplers. All bits sold separately.
